## Fiscal Court Meeting.

The Powell Fiscal Court met at Stanton Friday morning with Judge Daniel and all the Justices present. Matters of vital importance were discussed at length.

The Court made application for state aid on all inter county seat roads and submitted the amount levied, collected and spent on the roads of the county last year which amounted to close to \$7,000. Forty-five cents on the hundred dollars was levied in direct tax for roads in Powell last year. This within itself made over \$6,000.

The Court created a road construction fund with which to pay for the work contracted for. There was due Powell county October 1, according to a certificate of the Tax Commission at Frankfort, oil tax amounting to \$1,866. Of course there was at least this much more accrued by January 1, and will be each succeeding three months, making in all no less than \$6,000 by July 1st. This money has all been set aside for road building.

Last year's tax collected for road bonds will also go to the fund, as will this year's tax. When this added to the state aid money, there will be close to \$18,000, it is believed. This will be enough to get a start at road building in the county.

V. B. Atkinson and J. E. Burgher were designated a committee to audit the various books of the county and make a report on the same. This also includes the Board of Education. Judge Daniel and Squire S. G. Baker will supervise the work.

## About to Missplace Us.

It seems from Frankfort reports that Powell is about to be placed in a Senatorial district with Mason, Fleming, Bath, Rowan and Menefee counties. Quite a large district, and it places us with all strangers excepting Menefee county, but it will be a Democratic district. We would rather they would just drop with Montgomery, Clark and Bourbon. Of course Powell could not get a representative in either district, but the chances are that occasionally either Clark or Montgomery would put up a man formerly from Powell who would have an interested feeling for us. And by the way, Geo. Hon, the present Senator from Clark, etc. is a Powell county man. We do hope he will think of it and have Powell taken into his district instead of us having to go into a district that extends from here to the Ohio river.

## Geed Oil Well in Stanton.

The glad news reached this city Friday that a 30 barrel oil well had been struck that morning, on Robt. Ewen's place, Stanton, by the I. N. Phipps Oil Company. The well is thought to be good 30 barrels and is of the fine green quality. This will give impetus to additional drilling which we hope will develop the final finding of that pool of oil said by all oil men to be some where near these small wells drilled in this section two years ago.

Jno W. Mize was a pleasant caller at The Times office Thursday. Mr Mize has been slightly ailing all winter and this was his first visit to town.

## Agricultural and School Fair.

Last year the different Departments had the County Agents call off the Fairs and suggested that staple crops be raised to meet the great demand. This year we are planning on one of the biggest and best Agriculture and School Fairs ever held in this section. The banks of the county putting up \$350.00 for Agriculture club work for the boy's and girl's shows their interest and asks the cooperation of all the business men in the county. All farm products, live-stock, home demonstration work ect. will be exhibited for prizes. The rural schools take a leading part in exhibits of essays, recitations, spelling etc. and the cooperation of Superintendent Candill and teachers, parents and pupils will help make this a successful Fair. The best premium list ever gotten up is one made up from the people asking that premiums be given on some specific thing they want to exhibit. Kindly mention these things in the next few weeks that we may begin on a full prize list.

The county officials, business men, farmers, teachers and all will be back of this movement and by all working together will make it a success and better place Powell county on the map.

Very truly yours,  
H. H. Harrison,  
County Agriculture Agent.

## Sells Valuable Oil Royalty.

It was reported at Irvine that H. C. Baker has disposed of one-half of his one-eighth royalty in the H. C. Baker farm, containing 105 acres, for \$40,000. Mr. Baker will retain the remaining one-half, or a royalty of one-sixteenth of the entire production. The Baker farm is located in Powell county, just north of the famous John M. Ashley tract, which is the center of the Pilot pool. It is valued at approximately \$650,000, and is being developed by the Pilot Knob Oil Company. The latter company has drilled in ten producing wells on the farm, since April of last year. The name of the purchaser could not be ascertained.—The Oil World.

## Heavy Loss of Corn.

Thousands of shocks of fodder and corn were washed down Kentucky river during the tide last week. Owing to the scarcity of feed this corn and fodder loss will fall heavily upon those persons who were so unfortunate as to lose it. This corn was not gathered last fall partly because of the loss of labor, being called to the army, and partly because it was too sappy at regular gathering time to put into cribs. And since December 7, there has not been a day suited to gather corn, or in fact do any kind of work out of doors. But particularly has it not been fit weather to gather corn.

## Provision for The Farmer.

A farmer who takes a turn of corn to the mill to have it ground into meal may on that day buy as much flour as he has meal ground up to 48 pounds and no more. Many merchants have been stalled on this proposition, and for awhile it looked like the flour was forced to buy meal which he already had corn to make in order to get a ration of flour.

## A Bad Bill.

While at first we were inclined to like Representative Music's bill allowing pay to road hands, we must now register a protest against the measure, since we learn that this bill enacted into law would pay each road hand \$2 per day. Not that we object to the men getting this much money for their services, but we just do not see where the money to pay them is coming from in Powell. We have about 1,000 road hands in the county who are now required to work some road six days each. This means six thousand days work on our roads, and which if paid for at \$2 per day, would cost the county \$12,000 per year. As the total revenue is but little more than ten thousand dollars a year, it can easily be seen that if this bill should ever become a law it would either stop what work we now do get on the roads, or it would consume all our taxes and run us further in debt. No, deliver us from this bill, if we have it correct.

## Must Secure License.

Manufacturers of and dealers in commercial feeds for livestock, cat, tie, and hogs must secure licenses under the Food Administration by February 15. This covers baled hay, sdelled and ear corn and many other commodities intended for use as feeds or as ingredients in mixed feeds. The only exceptions are for millers manufacturing bran and dealers in coarse grains who have already been licensed.

## Buys Fine Cow.

Charley Seal, of Booneville, County Attorney of Owsley, came by here last week with a nice, what was reputed to be, Holstein cow which he had purchased below some where for \$100. He put up with his old friend, Curtis Bowman, and decided to leave his cow and return later for her. When he came after her this week she had a nice little calf. He crated her up and forwarded her home by express.

## Ground Hog Day.

Mr. Ground Hog in his schedule visit to us Saturday could have seen his shadow if he chanced to be out at high noon at which time the sun shone for a very short while. That we have since had continuance of the genuine winter we have been having since December 7, we must conclude he knows his business.

## House Catches on Fire.

The residence of Mrs. Tempie Todd came near burning Monday morning when the ceiling took fire from a defective flue. The fire was discovered in time for Mrs. Todd to throw water on it and put the blaze out. Most all the fires originate from defective flues. They should be guarded against and kept in perfect repair.

## New Waiting Shed at Virden.

The L. & N. has built a new waiting shed at Virden for the accomodation of passengers getting on and off the train there. This will be a matter of great convenience since the trains of late are almost invariably behind regular schedule time.

## STANTON.

(By P. O. Derthick.)

Judge Hardwick was here from Winchester last week.

Robert Blackburn was home with his family this past week.

Larkin Stamper made a business trip to Jackson the past week.

Otis Allen, of Rosslyn, was a visitor to our town one day last week.

Daddy Clark made a business trip to Wilcoxville to look after his tobacco this past week.

Mrs. James Patrick has been very sick for several days and is under the care of Dr. Barnett.

Mr. Crafts, of Clay City, will preach at the United Presbyterian Church this coming Sunday night.

Fred Blackburn with his wife and daughter visited her people in Winchester this past week.

The boys are coming in from all parts of the county to have their questionnaires filled out.

Misses Louis Brehmer, Alberta McBride and Jane Philips shopped in Winchester last Saturday.

Ernest Lyle is now somewhere on the Great Deep near France, according to last letter received from him.

Larkin Stamper will put up a livery stable on the lot back of his store and will soon be ready to solicit trade.

Mrs. Mollie Crawford and baby of Jackson are with the home folks and Mollie is assisting in the Post-Office.

Clarence Arnett has returned to his home in Mingo County. He expects to return to school this coming year.

Troy Profit returned to his home at Nada sick, and is now quarantined in with his parents sick with small-pox.

H. H. Harrison, County Agent, attended the Farmers' Week at Lexington this past week and reports a fine meeting.

There will be a Washington Birthday entertainment given by Stanton College on the night of February 22nd to which all are invited.

Mrs. Lube Crowe and baby were down to visit with her mother Mrs. Henry Tipton this past week. Mrs. Tipton visited at Bowen a few days ago.

There will be an open debate at the College Friday night of this week on a very important question. All are invited to hear these young people discuss this great question.

Mr. Evans, who has been conducting a livery stable for several months had a sale last Saturday and everything was sold at fairly good prices. He expects to move his family to Michigan in the near future.

Marion Atkinson, Florin Lyle, Bert Martin and Arthur Miller left this past week for Atlanta, Georgia where they have joined various services in Uncle Sam's army. A letter from Marion tells of a position in the Officers Training Camp where he is busily making out questionnaires.

Frank Kennon has certainly had a hard time this winter carrying the mail from Stanton to beyond the Furnace. Bad and bitter cold as the weather has been, he has been right there faithfully on the job. He has also carried passengers back and forth to the oil fields, meeting all trains on time.

Robert Blackburn will move his family to Louisville where they will make their future home. Colson is already there working.

Tody Anderson, we have just learned, spent the Christmas holidays, with his daughter, Mrs. Mattie Moore, at Newport, Ky.

Howard Harrison and W. R. Reynolds left Saturday night for Camp-ton where they will work in the interest of the farmers of that county.

## Registrant Suicides.

Forker Ledford, aged twenty-one years, committed suicide Friday at the home of his uncle, Johnny Branhams, on upper Hardwick's Creek. He had been summoned to appear before the draft board at Stanton for examination. Reports are that he had been talking for some time of killing himself, but had told his father recently that he had given out the idea. The suicide is the youngest son of B. F. Ledford, a former citizen of the county, who now resides in Lincoln county. The young man recently returned from a visit to his father who prevailed upon him staying at home. He is quoted as telling some that he was not going back to his father's in Lincoln because he did not want to be buried there.

The many friends of the Ledford family extend their sincerest sympathy to them in their sudden hour of trouble.

## Moves to Powell.

Aunt Betty Brown, who for so long has been proprietress of the Brown House, has sold it out to James Drake and will make her home in the future with her brother, Fielden Brown, in Powell county. Uncle John Drake and his daughter, Mrs. Stella Funks, will occupy the building and care for the hungry and weary people in the future as Aunt Betty has in the past.—Wolfe County Tribune.

Hal Puckett has moved back from Ohio. He and his family at present are living with Green Hall.

About ten inches of Stanton items were pried after they were set up. We regret this, but we are powerless to correct it.

There will be preaching at the Christian Church this coming Sunday by some new preacher. All are cordially invited to be at the services.

Jesse Derickson had the misfortune to have his house and all contents burn down last Thursday night. We have not learned the circumstances yet.

Miss Minnie Conlee, accompanied by Mrs. Piersall of Winchester, is here on a short visit after which she will return to Winchester where she is making her home now.

Robert Blackburn has sold his house and land to Butler Barnes who will move his family there in the near future. A farm belonging to Mr. Barnes was included in the deal.

Daddy Clark expects to move his family back to the old home some day this week. Butler Barnes is moving his things to the house recently purchased of Robert Blackburn.

Wm. Hardwick was in Lexington to see his daughter, Mrs. E. G. Cowgill, and that baby. Mr. Hardwick says that it is one of the finest ever seen and nothing on the market can beat it.

A letter from Jim Atkinson says he is seeing things worth telling, at the front in France. Jim is not allowed to tell what he is doing but from his letter he is giving a fine account of himself.

(Continued on Last Page)

# THE TIMES.

J. E. Burgher, : : Publisher.

Entered as second-class mail matter at the Post Office at Clay City, Ky., under the Act of Congress of March 3, 1879.

A HOME-MADE PAPER

THURSDAY, FEB. 7, 1918.

SUBSCRIPTION RATE,  
ONE DOLLAR PER YEAR.

The Powell Fiscal Court in its action Friday in providing a road construction fund to be kept separate and apart from all other monies begins to look good when it is further known that at the same time this court set apart all of the oil tax accrued and to accrue in the future to this fund, and for the purpose of further swelling this they ordered the sale of \$2,800 in bonds which is the amount of tax collected last year and now in the hands of the Treasurer to the credit of a sinking fund to pay off the bond issue voted April 10, 1916. These monies when put together with this year's tax and the state aid will be sufficient to build the road from the Clark county line to the Clay City limits, and the Court is determined to do this. And if it does, this action should be very satisfactory to the taxpayers. It will be getting this much road for only two years' tax. It will be remembered that the tax paid in 1916 on account of the bonds was loaned to the gener-

al fund and paid out for claims, and cannot therefore be put on the road.

The question of firing Newton D. Baker, President Wilson's Secretary of War, is occupying much space for comment in the papers just now, and the Times feels that it is prudent for it to drop its voice into the ring as part of its duty for unless the local papers speak out, the fellows at Washington can get but a little feeling of the pulse of their constituents at home.

By the arguments introduced for the expulsion of Baker, we learn that the greatest objections to him is not because of what he has done or failed to do since war was declared, but the principles he maintained before the war, which principles gave him then the name of "pacifist."

The Times maintained in the beginning that only fighting men should be put in the game. In that event only fighting men should be designated as leaders, but since the forces are indiscriminately made up of all classes, 90 per cent. of whom believed as Mr. Baker believed. We believe Mr. Baker is satisfactory to the drafted men; he is pleasing the President and evidently is doing the best any one can do under the adverse conditions. The fact that Mr. Baker tried his best to keep us out of war is commendable.

Reminiscences of March inclemency cause the average householder to fear that the fuel famine may be well along up by April, and probably May. We can now once on the

## Standards for Sunday Schools.

Miss Gladys Welch, Secretary of Powell County Sunday School Association, writes us from Richmond where she is attending State Normal asking the Times to publish the standards given below for the Sunday Schools of Powell so that the Superintendents and workers could know exactly what is necessary for our county to be a premium and Gold Star county this coming year. Last year there were four counties that reached the Gold Star Goal. Ours was next, lacking but 9 per cent. It was one of the premium counties.

These are the Gold Star requirements for Powell:

- It must have a convention.....20
- It must pay \$30 apportionment.10
- It must have a report from every school.....20
- It must have 40 "Sunday School Reporter" subscriptions....10
- Districts must be organized....10
- Ten Sunday schools must contribute.....10
- Five Sunday Schools must reach 50 per cent. of the standard 20
- Powell's only requirement for the Banner is that it shall pay \$36 to the State Association, \$6 and the apportionment.

Following is the above mentioned standard by which every school is measured:

- I. Cradle Roll 5%
- Home Department 5%
- II. Organized Registered Class in Secondary Division.....5%
- Same Adult.....5%
- III. A Teachers' Training Class 10"
- IV. Graded Organization and Instruction:
  - Beginners 4 and 5 years 2%
  - Primary 6, 7 and 8 " 2"
  - Junior 9, 10, 11 and 12 " 2"
  - Secondary, 13 to 20 yrs. 2"
  - Adult, 21 yrs. and over, 2 " 10"
- V. Missionary Instruction... 5"
- Missionary Offering.... 5"
- VI. Temperance Instruction. 10"
- VII. Definite Decision for Christ.....10"
- VIII. Workers' Conference regularly held.....10"
- IX. Full Denominational Requirements.....10"
- X. Report to Sunday School Association.....3
- Representation to S. S. Convention.....4
- Offering to Ky. S. S. Association.....3 10"

Further information may be obtained from International S. S. Association, 1416 Maller Building, 5 So. Wabash Ave., Chicago, Ill.

If the S. S. workers will begin their labors now, before June which is report month, and bring the schools up to their standard, it will be an easy matter to make ours a Gold Star County this year.

Thus far anyway 1918 has suffered very much from chilly feet, but we should certainly keep our hearts warm and heads cool.

Corn bread has just been pronounced good for the complexion but how are we to get the corn bread.

## Valuable Property For Sale.

A two story frame house with 9 rooms besides a bath room, hall way, attic and a concrete cellar under house 32 feet square. Also a furnace in cellar and a private water system with hot and cold water on both floors and in cellar with built-in wash laundry tubs with 3 compartments. Barn and hen house and garden of nearly an acre. Twenty fruit trees set out in yard. Closest house to Stanton College and close to depot. Owner desires to leave state and bargain for quick sale. Twenty five cords of dry stove wood corded up in cellar.

Paul Derthick, Stanton, Ky.

## Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Charles H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

## GENUINE CASTORIA ALWAYS

Bears the Signature of

*Charles H. Fletcher*

In Use For Over 30 Years

## "Work-shop pains and their quick relief"

The constant strain of factory work very often results in Headaches, Backaches and other Aches, and also weakens the Nerves.

DR. MILES' ANTI-PAIN PILLS

will quickly relieve the Nerves, or Pain, while

Dr. Miles' Heart Treatment is very helpful when the Heart is overtaxed.

IF FIRST BOX, OR BOTTLE, FAILS TO BENEFIT YOU, YOUR MONEY WILL BE REFUNDED.

## SEVERE PAIN.

"I used to suffer a great deal with lumbago in my shoulders and back. A friend induced me to try Dr. Miles' Anti-Pain Pills and I am only too glad to be able to attest to the relief that I got from these splendid pills. They form a valuable medicine and do all that it is claimed they will do."

LEWIS J. CUTLER, Marietta, Ohio.

## SLADE.

I. H. McDaniel is still on the sick list and not much improved.

Mrs. Minnie Faulkner bought a milk cow of Sam Ballard for \$75.00.

Mr. Louis Bleoius has moved into the house vacated by Shirley Sparks.

Misses Maggie Ford and Blanche Ledford entered school at St. Helens Monday.

Sam Ballard passed examination as Stanton Saturday and is awaiting his call.

Miss Margret D. Mansfield, of Stanton, visited Mrs. Charley Derickson last week.

Miss Exie Cable visited Miss Mattie McKnabb at Campton Junction Saturday and Sunday.

Mr. and Mrs. Sparks are visiting relative in Estill county and think they will return to Powell next year.

Mr. Ground Hog failed to see his shadow in this neighborhood, but the weather is unchanged and zero is still here.

The tide did no great damage here, the fodder being froze to the ground saved lots of it from being washed away.

Ernest Faulkner thinks he will be able to return home the first of July and thinks too Kentucky is good enough for him.

Hazel, the infant daughter of Mr. and Mrs. Robert McKnabb, is sick of fever. Dr. M. L. Knox fears it will develop typhoid.

Wm. Ledford will move farther up on Clear Branch, and a Mr. Proffitt will occupy the house where Mr. Ledford now lives.

Brent Ewen found Mr. Kirkpatrick's saddle pockets a few yards from where they disappeared. The papers were not damaged after staying under water 10 or more days. Quite a few sawed ice and helped to search for them.

Kentucky has passed the state wide prohibition bill and the people will cast their vote for and against the whiskey November 1919 which will spell death to the worst evil we have in our midst, and the drinking men will be the ones that will vote it out. If the people all over the world fought and voted against whiskey as the ones who drink it, we would have been rid of it before this date. The church members are the ones to take notice of this election. Our good women do not care whether or not they get the right of suffrage just so whiskey is put out of existence. The mothers and wives are the ones who suffer. The man that comes home drunk and beats his wife and children until their screams alarm their neighbors, are the ones to quit voting

and give that wife his vote and see how she will exercise same, and it will not be necessary to ask if she is a Republican or a Democrat, for she is a Prohibitionist, but, nevertheless, women are going to get their rights. Do you suppose Kentucky will allow other states to give their women the right to vote and ours not vote? No the Kentucky women are as free as the women in any other state and will know as well how to cast their vote as the majority of our men do.

## Stanton College Note.

Motto: Make your mind a storehouse, not a lumber room.

Several new faces greeted us at the opening of the second semester, the following outside points being represented: Slade by Dora and Cissiah Fields; Lombard by Beula Hon, Gladys Sullivan, Beula and Mabel Hanks; Rosslyn by Julu Martin; Furnace by Henry Noe; Hendricks by Junior Arnett; Torment by Gertrude Chapman; Mt. Sterling, by Mary Carolyn Oldham, and Baptist by Osa Wells.

At the mid-year examination the highest grades in spelling were won by Lucy Whited, sixth grade; Gertrude Dennis, seventh grade; and Olga Morton, eighth grade.

The following eighth grade pupils passed the State examination January 25-26: Lois Johnson, Olga Morton, Dora Fields, Clarence Arnett, Arbor Snowden, Florian Ewen, and William Mansfield. We shall not lose them from our midst, however, as they have decided to continue eighth grade work for the remainder of the school year.

Miss Blount very efficiently substituted for Miss Abbott, while the latter attended a three day session of "The Eastern Kentucky Mountain Life Conference" at Louisa, Lawrence county, Ky., Jan. 10, 11 and 12th.

The boys of the seventh and eighth grades who expected to make farming their life work are now studying the subject of agriculture under the supervision of Mr. Crafts. The most progressive farmer of the bunch, Florian Ewen, attended the meeting of dairy experts at Lexington Jan. 30. His report of the meeting was greatly enjoyed by all who heard it.

Clarence Arnett left recently for his home in Magoffin County, expecting soon to enter a printing establishment to learn the trade. Clarence, like the other boys of our room, has a character of sterling worth, and, while he is greatly missed, we know that he will prove a blessing to those with whom he mingles.

We are glad to welcome back to our room a former student, Frank Baker, who has been spending several weeks in the oil fields.

# HARDWICK & COMPANY

## REDUCED PRICES

We have a good deal of WINTER GOODS which will LCCSE OUT AT LESS THAN TO-DAY'S WHOLESALE PRICES. If all signs don't fail, it will pay you to get your share of these BARGAINS even if you will not need the goods till next winter. Make money by saving money in this way. We cannot here explain the many Bargains we have to offer you, so invite you to call and see.

**Remember that we always handle good, Reliable Brand of Goods, the kind it pays to buy.**

We handle Ball Band Rubber Footwear, Queen Quality Shoes for women, Walk-Over Shoes for Men, Hart, Shaffner & Marks and Matchless brands men and young men's Suits and Overcoats, Arrow Brand Men's Shirts and Collars.

## CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Killman, of this place, says: "After the birth of my little girl, my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony. I was drawn up in a ball...and if he could not help me, I would not stay in it, he would have to let me go. I told my family about

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

If you suffer from headache, backache, or in sides, or other pains, try Cardui. Or do you feel weak, nervous and ragged-out? I so, Cardui, the women's cure, is many days unless I had a change for trial.

## NOTICE!

The best time to plant fruit and shade trees, blooming shrubs, rhubarb, asparagus, grape vines, roses, peonies, perennials, etc., is in the FALL. Get our large illustrated catalog of

EVERY THING FOR ORCHARD, LAWN AND GARDEN.

Finest stock of plants in the South.

## CASTORIA

For Infants and Children In Use For Over 30 Years Always bears the Signature of Dr. J. C. Hillenmeyer

1897—1917

For over 20 years this school has ranked with the best office training schools in the country and our graduates may be found capably filling responsible and remunerative positions in Kentucky and other states.

Early in this year Clay's Business College was reorganized with new officers, new teachers, new system and new ideas that put the school on a higher plane for training young men and women for their life work and at the same time upholding the reputation of an institution that has been rendering aid to the commercial world and ambitious individuals for nearly a quarter of a century.

The success and very existence of this school through these many years is due to the thorough and conscientious training given our students, each pupil receiving instruction necessary to his or her individual comprehension.

Our Graduates are Always in Demand.

SUBJECTS TAUGHT:

Book Keeping, Filing, Shorthand, Stenotypy, Penmanship, English, Touch Typewriting, Spelling.

CLAY'S BUSINESS COLLEGE

218 West Main St. LEXINGTON, KENTUCKY.

# 4 Pay Your Income Tax.

Somebody is going to tell on you if you don't pay your income tax. Congress has fixed it so that somebody must tell, whether he wants to or not. One section of the War Income Tax Law, exhaustively comprehensive in scope, requires every person, without exception, and every corporation, partnership, association, and insurance company, in whatever capacity acting, who paid \$800 or more to another person, corporation, partnership, association, or insurance company, as interest, rent, salaries, wages, premiums, annuities, compensation, remuneration, emoluments, or other fixed or determinable gains, profits, and income, to report the name and address of the person, corporation, etc., to whom the payment was made, together with the amount of the payment, to the Commissioner of Internal Revenue at Washington, using a form prescribed for the purpose—Form 1099, now to be had from all collector's offices. The forms must be filled out and returned on or before March 1, 1918, accompanied by Form 1096, which is a letter of transmittal and affidavit certifying the accuracy of Form 1099.

Shampooing and Scalp Treatment

## From Weak and Lame To Well and Strong

Try them. Foley Kidney Pills will do for other men and women—quickly—what they have done for Mrs. Straygo.

"Last year, I got almost down with my back," writes Mrs. H. T. Straygo of Gainesville, Ga., R. No. 2. "I suffered from inflammation of the bladder, and whenever I stopped doctoring I grew worse. I tried Foley Kidney Pills, and after taking them awhile my bladder action became regular and the stinging sensation disappeared. I am now stronger in my back than I've been for several years, and since getting well, I've stayed well and had no return of the trouble."

Start in now to use Foley Kidney Pills. You will feel an improvement from the very first doses, showing how quickly they act on kidneys and bladder. They stop irregular urinary action, ease pain in back and sides, limber up stiff joints and aching muscles. They put the kidneys and bladder in sound, healthy condition. Try them.

**Mothers use Frey's Vermifuge For the Children**

A safe, reliable, and effective remedy for worms.

Seventy-five years' continuous use has made Frey's Vermifuge one of the best and most reliable remedies for worms.

It is a safe, reliable, and effective remedy for worms. It is a safe, reliable, and effective remedy for worms.

## Our Less Days.

Monday—Wheatless Day.

Tuesday—Meatless Day; Wheatless evening meal.

Wednesday—Wheatless day.

Thursday—Wheatless evening meal.

Friday—Wheatless evening meal.

Saturday—Porkless day; Wheatless evening meal.

Sunday—Wheatless evening meal.

And One Meatless Meal Every Day in the Week.

Of the 21 meals per week 11 have been designated as wheatless or more than half of them. Most people know how to eat corn bread with meat but many of them will kick when the order happens to provide a meatless and wheatless meal at the same time. We should console ourselves with the fact that we can eat whatever permitted unmolested around a good fire.

The evening meal in Kentucky henceforth is to be a wheatless meal. This has been decreed by the State Food Administrator, Sackett, who has acted on the national administration promulgation that there must be one wheatless meal a day and leaving to the State Administrator which meal it shall be.

John C. Eaton was in Lexington Saturday.

J. M. Hall, of Grain Valley, Mo., is here visiting relatives.

The Rev. L. F. Martin was in Mt. Sterling over Sunday.

G. B. Conlee was a business visitor in Winchester Saturday.

S. G. Baker went to Lexington Friday night and returned Saturday.

Dr. and Mrs. Albert Easter are visiting her son, Jesse Watts, near Winchester.

Mr. and Mrs. Wm. Mountz are visiting Mrs. Elizabeth Jane Wallace at Irvine this week.

Master Harry O'Rear has entered school at Winchester, going back and forth each school day.

Mrs. Emma Mountz is making an extended visit to her brother, Jeff McKinney, and other relatives on Hardwick's Creek.

D. F. Crowe, of Bowen, was a visitor here Friday and called at this office and left the price for another year to The Times.

T. P. Mountz ran a splinter two inches long in the side of his face last week. As a result of this accident he was laid up for a few days and has yet a very painful wound and a greatly swollen jaw.

## The Times Club Rate:

This is the time of year when hundreds renew their subscription to the local paper, and as many of them will want additional reading, we have arranged club rates with the following papers at the price mentioned:

Times and Louisville Daily Post, \$3.65  
Times and Cincinnati Post, 3.65  
Times and Weekly Enquirer, 1.50  
Times and Farmers' Home Journal, 1.75  
Times and Home and Farm, 1.35  
Times and Inland Farmer, 1.35  
Times and McCall's Magazine, 1.50

Persons desiring more of the above papers than is included in the club they first select, can find the cost of other papers by subtracting one dollar from each club rate including the paper, you desire and add this amount to the club you first select.

## NOTICE

I have been appointed Explosive Licensor for Powell County and have designated H. S. Martin, Geeset, and T. G. Cole, Knowlton, assistants who will also be authorized to issue explosive license to dealers.

I. S. BOONE,  
Stanton, Ky.

## STANTON

(Continued from First Page)

Burnam Skidmore was down this week shaking hands with his many friends in Stanton. Burnam says it has been cold up his way. And his son, Albert, has just about recovered from a severe cold.

Miss Nancy Maples, of Hazel Green, is here doing stenography work for A. T. Stewart. We are always glad to see Miss Nancy as she helps in the Church work and prayer meeting and is a fine woman.

T. C. Martin & Co. have traded their store to John Oaks for his farm and a mutual exchange will take place. Sorry to lose such fine people as the Martins from our town but glad that we are going to get another good man to take their place.

Virgil Rose won second prize on best ten ears of corn at Lexington last week at the Farmers' Meeting in the Eastern division. Virgil is getting quite a reputation as a great corn grower. We predict that there will be a big demand for seed corn from his farm.

Lee Jackson with his wife and baby have returned to Louisville. They expect to move to Florence, S. C., where Lee has a position with an automobile firm. Mrs. Johnson will visit her sister, Mrs. Perl Ferguson, in Cincinnati before joining her husband.

County Judge, Day Daniel is putting himself on record as interested in the farmers of Powell county. He attended the Farmers' meeting at Stanton Saturday and was intensely interested in the proceedings and declared he was ready to co-operate in the good work being done.

The Farmers' meeting at the Court House was largely attended last Saturday, and two very fine lectures were given by Mr. Reynolds and Mr. Feltner. Mr. Reynolds spoke on the wonderful limestone that lies on John Creed's farm and what a rich gold mine it is to the farmers of Powell county. This lime would soon build up some of the finest farming land in Kentucky if it were crushed and used by the farmers. It is so near at hand and easy to get at. All we need is some men to co-operate and go in and buy a crusher and thus get the benefit of this very valuable product. He also spoke on conserving and raising everything we can for the war. Let not a foot of ground go idle, put in every moment of your time working to produce for our soldiers, save everything in the home and on the farm and let not the least particle of food go to waste. Mr. Feltner spoke of the great need of farmers testing their seed corn before planting time so that they may know what ears to select their seed from. This is very important, men for a great deal of the corn will not grow this year on account of bad conditions of this past year. Test your ears now and see what ones you can depend on to grow you good corn this year. Mr. Feltner will be back again to interest the boys in corn clubs and we shall speak more about it later.

## Notice to Taxpayers.

You are hereby notified to call on the undersigned and settle your taxes. As I have orders to advertise all not paid by Mar. 1st. T. P. Mountz, Tax Collector.

**SALESMEN WANTED** to solicit orders for lubricating oils, greases and paints. Salary or Commission. Address The Harvey Oil Co., Cleveland, Ohio.
